

RC-Monster Bash

Sunday September 28, 2008

The RC-Monster Bash is intended to be a showcase of custom Monster Trucks and other vehicles created by some of the most innovative R/C minds in the hobby – our Forum Members and their friends. The race classes and events are designed to allow electric and nitro vehicles to run together in the same races.

Our showcase race, **BRUSHLESS OPEN**, will be for Electric Brushless powered vehicles **ONLY** so that we can display the technology that RC-Monster.com has become so well-known for. Lastly, there will be a Long Jump at the end of the day. These events are sure to be crowd pleasers and offer an exciting experience for drivers as well.

CLASSES:

- **BRUSHLESS OPEN**
 - Any Off-Road vehicle, as long as it's powered by a brushless electric motor!
 - **Monster Truck Unlimited**
 - Any Monster Truck, regardless of how it's powered.
 - **1/8th Scale Buggy**
 - Any 1/8th Scale 4wd Buggy, regardless of how it's powered.
 - **Stadium Truck Unlimited(truggy)**
 - Any Stadium Truck/truggy, regardless of how it's powered.
 - **1/12 stadium truck(crt.5)**
 - Any CRT.5 or similar 1/12 stadium truck, regardless of how it's powered.
- 1/10 stadium trucks welcome

RACE FEES:

\$25 first class, \$15 each additional classes

RACE FORMAT:

All Qualifiers will be 6 minutes long.

All Mains will be 15 minutes long. 1 Mandatory(simulated?) pit for electric vehicles

WHERE:

Barnstormers Off-Road RC Raceways, Chester NY

WHEN:

- **Sunday September 28, 2008**
- **Doors open at 8:00AM - Track opens at 9:00AM**
- **First Round of Qualifiers will begin at 11:00AM sharp.**
- **Long Jump Event immediately after the mains are completed.** Drivers will get 2 attempts. Vehicle must land on it's wheels to be counted. We expect broken parts, which is why this is the last event.
- **Awards/Trophy Presentations for race winners and Long Jump Events**
